Hello,

My concern is in regards to the permits. I have been visitng the reserve since the early 90's. My family and friends have all been a part of that tradition as well.

We have several buggies that have been registered in the past.

The lottery system is fine for the bikes, but the buggies should be grandfathered in and not have to take part in the lottery.

Thank you for your attention to this matter.

Cordially,

Carlos Miranda
